

APPLICATION FOR TRAINING CONTRACT

Commercial fraud litigation requires work to be carried out not only with a high degree of skill but also under great pressure and often during anti-social hours. At PCB, we are therefore looking for academically gifted trainees who are dedicated and able to operate under testing conditions.

Other qualities that make a good fraud litigator include creativity in attempting to attain the client's objectives, attention to detail and an analytical mind. Communication skills are also paramount in dealing with clients and other members of the litigation team.

Please complete this form in black ink and insert extra pages if necessary.
